

On the 14/04/2016 Darren Trow from Fulflow Syphonic was presented a Landrover Experience Day for his attitude towards site safety and his proactive approach for tackling site issues in a safe and correct manner. Darren's proactive work ethic and ability to communicate with Vinci Construction UK Ltd site staff has enabled a number of close calls to be identified and closed out on site.

Vinci and JLR are pleased to identify Darren's good practise and attitude towards health and Safety on site and look forward to identifying further good practise on site in the future.

Stuart Jarrett (JLR)

Darren Trow (Fulflow)
